## About the College:

Narasaraopeta Institute of Pharmaceutical Sciences (NIPS), established in 2007, aims to provide quality pharmacy education with human values to rural aspirants to meet the requirements of pharmaceutical industry and health needs of the society, and to achieve the excellence in pharmaceutical research. The College has introduced the course of Pharm.D, for the first time under the JNTUK Kakinada. The college has well experienced teaching staff and 16 well equipped laboratories. The college is furnished with well developed infrastructure and well-defined instrumentation facilities. NIPS is an ISO 9001:2015 certified institution and approved by Pharmacy Council of India (PCI) & All Indian Council for Technical Education (AICTE), New Delhi, Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

## Objective:

- The main aim of GMP is to produce high quality medicines or medical devices that meet international standards required for responsibly managed health care.
- Processes used in manufacture are carefully controlled, and any changes to the process must be evaluated.
- Changes that have an impact on the quality of the finished product are also validated as required and checked for compliance and consistency with the product specifications.

## Learning Outcomes:

1. To minimize the risks involved in any pharmaceutical process, such as custom radiolabelling.
2. Good manufacturing practices help a manufacturer better recognise, investigate and take appropriate planned action to protect the consumer and marketplace from exposure to any potentially harmful ingredients or practices.
