PROGRAMME REPORT

Date: 29/11/2021

Name of the Programme: A Guest lecture on “Pre-clinical animal models in pharmaceutical discovery and development-its evaluation”

Date: 27/11/2021

Details of resource person: Mr. N. Kodandaram,
M. Pharm, (PhD),
Associate professor, Department of Pharmacology,
Narasaraopeta Institute of Pharmaceutical Sciences,

Email: nkr_1@yahoo.com

Contact no: 9440749889.

Objective of the Programme:

- To educate students about the drug discovery process.
- To discuss about the importance of preclinical modelling.

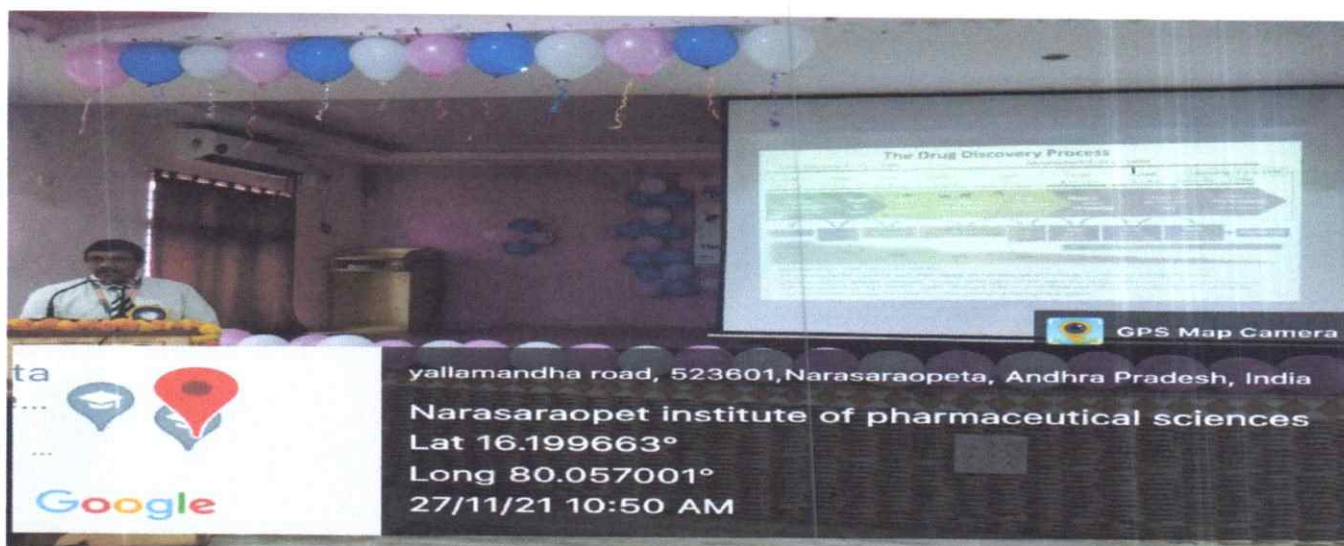

Topics Covered:

- Purpose of Preclinical animal testing
- Criteria for the validation of an animal model
- Ethical Considerations
- Preclinical experimental design considerations to assure quality study.

Programme Outcome:

The main purpose of the seminar “Pre-clinical animal models in pharmaceutical discovery and development-its evaluation” is to highlight the importance of preclinical studies in drug discovery process. The speaker mainly focuses on criteria for validation of animal model and ethical considerations to be followed for initiation of preclinical

studies. He explained that Researchers must make sure the animals in the best possible way to make progress in the treatment of human diseases and also motivated the academic researchers. The speaker concludes with scientific 3Rs of Relevance, Robustness, and Reproducibility are important new trends in the in vivo studies, and in the pharmaceutical discovery and development communities. Overall this seminar gave a clear thoughts to the pharmd students about the preclinical studies. Finally the session closed with felicitating the speaker by Dr. J.N. Suresh kumar, and other guests, Vote of thanks was delivered by Dr. S. Bhavya sai.

PROGRAMME REPORT

Date: 26/11/2021

Name of the Programme: A Webinar on “Intellectual property rights”

Date: 25/11/2021

Details of Resource Person: Ms. Nisha Wadwa

Registered Patent Agent Senior- Associate, LLB

AVP Patents at Aumirah IP

Email: nisha_wadhwa1986@yahoo.co.in

Contact no: 09873408115

Objective of the Programme:

- An understanding of intellectual property (IP) is an important skill set in today's increasingly dynamic, information-based economy. Awareness is especially important at academic institutions where many of society's brightest students first learn about and begin practicing innovation and entrepreneurship.
- To significantly raise the level of awareness and interest/knowledge about IPR issues.

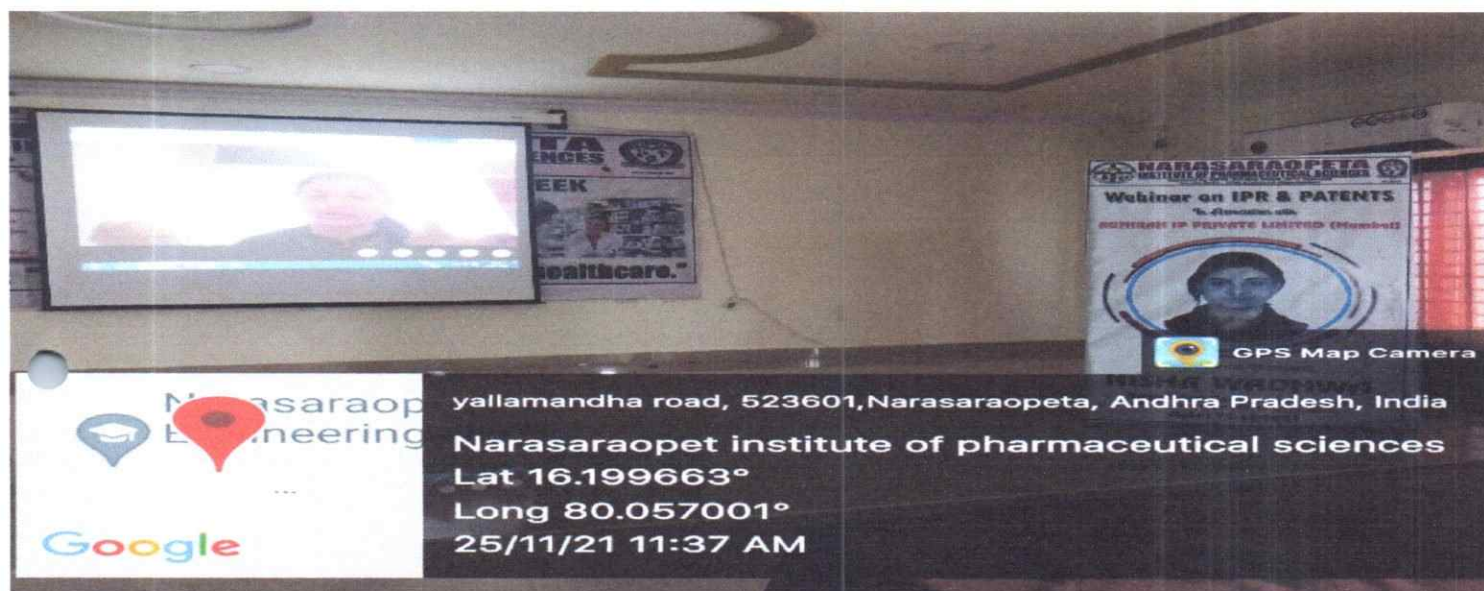

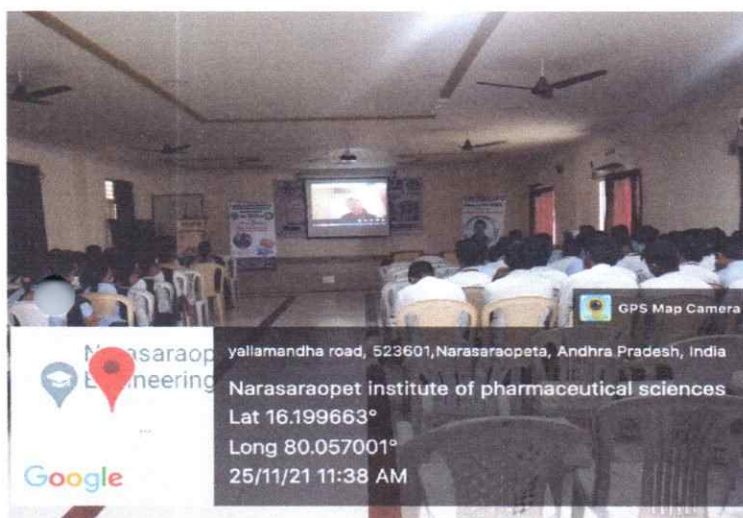

Topics Covered:

- Intellectual Property Rights (IPRs) - An Introduction with need of its protection.
- Copyright and Trademark Management in India with case studies.
- Compulsory licensing in India.

Programme Outcome:

A seminar on **Intellectual property rights (IPR)** was organized to sensitize about the IPR to the faculty and students of **Narasaraopeta institute of pharmaceutical sciences** on 25/11/2021. The Programme begins with explaining the Importance of patent. IPR is essential for budding student innovators, creators, and inventors to understand how to manage

intellectual property (IP) specifically as it relates to an educational setting. A patent is recognition for an invention that satisfies the criteria of global innovation and industrial application. Finally explaining the copyright process and the way to get copyright certified for their work. Emphasizing the Career Opportunities in IP ranging from Government, private and patent agent to an entrepreneur for their students. Explaining the exciting working IP environment in brief and the salary package and growth opportunities awaits for the students. Before the end, doubts were clarified for them.
