

**NARASARAOPETA INSTITUTE OF PHARMACEUTICAL SCIENCES,
NARASARAOPET**

DATE: 06-12-2017

CIRCULAR

All the Staff members of NIPS are hereby informed that, a one week FDP programme on **“Recent advances in Therapeutic research with special emphasis on Nano medicine”** is going to be organized by our college from 11/12/2017 to 16/12/2017. All the faculty members are requested to attend the programme without fail.

PROGRAMME REPORT

Date: 20/12/2017

Name of the programme : Recent advances in Therapeutic research with Special
Emphasis on Nano medicine.

Date : 11/12/2017 to 16/12/2017

Details of resource person

1. Name : Dr.P.Ravi Sankar
2. Designation : Professor
3. Name of the organization : Vignan College of Pharmacy, Vadlamudi.
4. Phone No : 9998516901
5. Mail id : bannuman35@gmail.com

Objective: Narasaraopeta Institute of Pharmaceutical Sciences had successfully organized FDP program on recent advances in Therapeutic research with special emphasis on Nano medicine for all the faculty members. The main objective of this program is to utilize Nano material for efficient drug delivery and diagnosis leading to successful therapy in wide variety of diseases.

Topic covered: Advancements in drug delivery, mycosis vaccines, targeted drug delivery, advanced coating technology, challenges in research.

Programme outcome: An open feedback was collected from all the faculty and they expressed that the program helped them to improve their knowledge in health care.

1. Recent developments and advances in nano medicine.
2. Nanotechnology in Pharmacy.
3. Nano carriers for drug delivery.
4. Current Trends and Challenges in the Clinical Translation of Nano particulate Nano medicines.
5. Principal Dr. J. N. Suresh Kumar and the management expressed their gratitude to for his excellent delivery.

About the FDP:

Over the last years, nanotechnology has been introduced in our daily routine. This revolutionary technology has been applied in multiple fields through an integrated approach. An increasing number of applications and products containing nanomaterials or at least with Nano-based claims have become available. This also happens in pharmaceutical research. The use of nanotechnology in the development of new medicines is now part of our research and in the European Union (EU) it has been recognized as a key Enabling Technology, capable of providing new and innovative medical solution to address unmet medical needs. The application of nanotechnology for medical purposes has been termed nanomedicine and is defined as the use of nanomaterials for diagnosis, monitoring, control, prevention and treatment of diseases.

PROGRAMME REPORT

Date: 13/3/2018

Name of the programme : Nanotechnology in Health care.

Date : 05/03/2018 to 10/03/2018

Details of resource person:

1. Name : Dr. M.Ravi Kumar
2. Designation : Principal & Professor
3. Name of the organization : Geetanjali College of Pharmacy, Hyderabad.
4. Phone No : 9348161224
5. Mail id : mravikumarg@yahoo.co.in

Objective: Narasaraopeta Institute of Pharmaceutical Sciences had successfully organized FDP program on Nanotechnology in Health care for all the faculty members. The main objective of this program is to help physician in order to detect chemical changes on the spot using nano-scale diagnostic devices throughout the body.

Topic covered: History of Nanotechnology, Hibb's idea on Nanotechnology in medicine, classification of Nano materials, Applications of medical Nano technology, FDA approved Nano drugs.

Programme outcome: An open feedback was collected from all the faculty and they expressed that the program helped them to improve their knowledge in health care.

1. Using Nanoparticles to detect tumors in drug delivery system.
2. Benefits and applications of Nanotechnology in Health care.

Principal Dr. J. N. Suresh Kumar and the management expressed their gratitude to for her excellent delivery.

About the College:

Narasaraopeta Institute of Pharmaceutical Sciences (NIPS), established in 2007, aims to provide quality pharmacy education with human values to rural aspirants to meet the requirements of pharmaceutical industry and health needs of the society, and to achieve the excellence in pharmaceutical research. The College has introduced the course of Pharm.D, for the first time under the JNTUK Kakinada. The college has well experienced teaching staff and 16 well equipped laboratories. The college is furnished with well developed infrastructure and well-defined instrumentation facilities. NIPS is an ISO 9001:2015 certified institution and approved by Pharmacy Council of India (PCI) & All Indian Council for Technical Education (AICTE), New Delhi, Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

Objective:

Nanotechnology is already leading to dramatic improvements in health care. Scientists are using nanoparticles to target tumors, in drug delivery systems, and to improve medical imaging. Some nanoparticle-based treatments are multi-functional they can both find tumors and carry drugs for treatment.

PROGRAMME REPORT

Date: 18/03/2019

Name of the programme : Recent upgrading of pre-clinical screening for animal models.

Date : 11/03/2019 to 16/03/2019

Details of resource person

1. Name : Mr.B.Sudheer Chowdary
2. Designation : Asst. Professor
3. Name of the organization : Bapatla College of Pharmacy, Bapatla.
4. Phone No : 9032114829
5. Mail id : chowdarysudheer1@gmail.com

Objective: Narasaraopeta Institute of Pharmaceutical Sciences had successfully organized FDP program on Recent upgrading of pre-clinical screening for animal models for all the faculty members. The main objective of this program is to use different species of animal models (Rodent and Non-rodent) on how the new therapeutic compound may impact a human subject.

Topic covered: Major advances in researches that involved animal models, Animals used in research- Rodent and Non-rodent animal models, Alternative approaches to animal testing.

Programme outcome: An open feedback was collected from all the faculty and they expressed that the program helped them to improve their knowledge.

1. Available animal models for drug discovery.
2. Future of Preclinical Animal Models in Pharmaceutical Discovery and Development.
3. How to select the relevant animal species for testing the drug.

Principal Dr. J. N. Suresh Kumar and the management expressed their gratitude to for her excellent delivery.

Number of participants: 36

About FDP:

Animal models have conventionally been used to find disease specific targets, there are **huge limitations in terms of predictability or reliability on these models as well as transferability of the results from these animal models to humans**. Human biology will always differ from the other species to a varying degree. Although rodents represent the most widely used models for investigating the role and mechanisms of therapeutic strategies due to their easy handling, short gestation time, low maintenance costs, and easy genetic manipulation, their heart function, heart rates and gen/protein expression are different from those of humans. Therefore, large animal mammal models are employed afterwards as experimental models to translate findings into clinics. Current animal models, including genetically modified ones and experimentally-induced pathologies, are unable of recapitulate entirely human pathophysiology, and thus imprecise predicting mechanisms involved in human cardiac diseases.

About College:

Narasaraopeta Institute of Pharmaceutical Sciences (NIPS), established in 2007, aims to provide quality pharmacy education with human values to rural aspirants to meet the requirements of pharmaceutical industry and health needs of the society, by and large to achieve the excellence in pharmaceutical research. The College has introduced the course of Pharm.D for the first time under the JNTUK Kakinada. The college has well experienced teaching staff and 16 well equipped laboratories. The college well developed infrastructure and well-defined instrumentation facilities. NIPS is an ISO 9001:2015 certified institution and approved by Pharmacy Council of India (PCI) & All Indian Council for Technical Education (AICTE), New Delhi, Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

Objective:

1. To gain knowledge on good manufacturing practises to be followed in Industries.
2. Standard parameters to be followed in implementation of Good Manufacturing Practises.
3. Practical implementation skills on GMPs in laboratories.

Learning Outcomes:

1. Need for GMP in laboratory.
2. Standards to be followed in GMP at different levels.
3. Differentiating the practical implementation followed in industries, academics, hospitals and so on

Objective:

1. To impart the importance of Analytical method validation in drugs.
2. To impart utilization of analytical equipment's in analysing drugs.
3. To make use of advanced instruments in analysing and screening drug structures.

Learning Outcomes:

1. To invent a new method for analysis of drugs.
2. To utilize analytical techniques in identifying new screening methods.
3. Importance and accuracy of results in analysing the drugs.

CIRCULAR

This is to inform to the **V & VI Pharm D** students of NIPS that the following skill oriented certification program will be organized by the Internal Quality Assurance cell (IQAC - NIPS), Narasaraopeta Institute of Pharmaceutical Sciences, Narasaraopet, will be commenced as per the given schedule below.

Program Name	Schedule	Venue
"GOOD MANUFACTURING PRACTICES"	29 th Sep 2017 To 28 th Oct 2017.	Seminar Hall

All the **V & VI Pharm D** students must enrol & participate actively in this program without fail.

Note: Certificate will be provided to all the students after the successful completion of the course and examination.

REPORT

Name of the program:

"SCIENTIFIC APPROACH IN ANALYTICAL METHODS DEVELOPMENT"

Duration: 33 hours

Venue: Seminar Hall

Dates: 11th Dec 2017 To 10th Jan 2018.

Resource person details:

Dr. N.S.K. Prasada Rao,

**Professor & Principal, Siddhartha Institute of Pharmaceutical Sciences,
Jonnalagadda.**

No. of students enrolled: 36

No. of students certified: 36

Objective:

1. To impart the importance of Analytical method validation in drugs.
2. To impart utilization of analytical equipment's in analysing drugs.
3. To make use of advanced instruments in analysing and screening drug structures.

Learning Outcomes:

1. To invent a new method for analysis of drugs.
2. To utilize analytical techniques in identifying new screening methods.
3. Importance and accuracy of results in analysing the drugs.

The performance of the students gained handling expertise to great extent as they are now more competent.

About the College:

Narasaraopeta Institute of Pharmaceutical Sciences (NIPS), established in 2007, aims to provide quality pharmacy education with human values to rural aspirants to meet the requirements of pharmaceutical industry and health needs of the society, and to achieve the excellence in pharmaceutical research. The College has introduced the course of Pharm.D, for the first time under the JNTUK Kakinada. The college has well experienced teaching staff and 16 well equipped laboratories. The college is furnished with well developed infrastructure and well-defined instrumentation facilities. NIPS is an ISO 9001:2015 certified institution and approved by Pharmacy Council of India (PCI) & All Indian Council for Technical Education (AICTE), New Delhi, Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

Objective:

1. Understand formulation development from pre-formulation, formulation development, analytical, process development, Stability and packaging.
2. Understanding and applying GMP standards to ensure a quality product free from contamination and reproducibly delivering the therapeutic benefit promised on the label.

Learning Outcomes:

1. All manufacturing processes are clearly defined, systematically reviewed in the light of experience, and shown to be capable of consistently manufacturing pharmaceutical products of the required quality that comply with their specifications.
2. Qualification and validation arte performed
3. All necessary resources are provided
4. Instructions and procedures are written in clear and unambiguous language, specifically applicable to the facilities provided.

About the College:

Narasaraopeta Institute of Pharmaceutical Sciences (NIPS), established in 2007, aims to provide quality pharmacy education with human values to rural aspirants to meet the requirements of pharmaceutical industry and health needs of the society, and to achieve the excellence in pharmaceutical research. The College has introduced the course of Pharm.D, for the first time under the JNTUK Kakinada. The college has well experienced teaching staff and 16 well equipped laboratories. The college is furnished with well developed infrastructure and well-defined instrumentation facilities. NIPS is an ISO 9001:2015 certified institution and approved by Pharmacy Council of India (PCI) & All Indian Council for Technical Education (AICTE), New Delhi, Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

Objective:

The object of the Skill Oriented value-added Certification program on Pharmacovigilance is valued addition & transfer the student's academic knowledge to skilled professional. Pharmacovigilance is defined as "the science and activities relating to the detection, assessment, understanding and prevention of adverse effects or any other medicine/vaccine related problem".

The main objective behind including Pharmacovigilance is in order to impart the clinical importance of drugs and its side effects in patient monitoring.

Learning Outcomes:

1. To understand and analyse safe, rational and effective use of medicines.
2. To improve patient utility by taking care and safety use on medicines
3. To improve the health of patients.
4. To educate in Pharmacovigilance and to improve its usage to public by effective communication.

Patrons:
