Women's day is celebrated every year on March 8th, this year the theme for International Women's Day is "**hashtag Break The Bias.**" Women often find it tough to move ahead in life due to biased attitudes against them. The theme calls for action against the biases that women have to face on a daily basis

The program started with lamp lighting by principal Dr.J.N.Suresh kumar along with chief guest Dr.V.V.S.A Lakshmi, HOD,CSE, Narasaraopeta institute of technology.

Chief guest Dr.Lakshmi focused on creating awareness of gender equality for a health society & she expressed that the milestone to be reached is the basic education for a girl child in every family because education will bring awareness among the society which will further result in overall development of nation and its community.

This day brings many things for women a cause for celebration, a reason to pause and re-evaluate a remembrance, an inspiration and time to honour, loved and admired.
