## REPORT

**Date:** 08-09-2017

**Name of the program:** Teachers Day celebrations

**Date of the program:** 05/09/2017

“Teacher” is defined as a Motivational candle of student’s life. Life itself is a teacher for every human being, but to execute the daily routine for a successful career a human teacher plays an important role towards student. And to respect them especially apart from studies we celebrate Teacher’s day.

The students of the Narasaraopeta Engineering College paid their tributes to their teachers on 5th September 2017 by celebrating the Teacher’s Day. Dr.M.Sreenivasa Kumar, Principal gave a motivating speech to the teaching faculty. He stressed much about the importance of inter-personal and intra-personal intelligence required for a person to become successful. It is the teacher, the only person who can make the students imbibe good things from the society and do good back for the society. It is all the wishes and inspirations of a teacher will make a student to be a renowned person in the society. He also remarked that students are always non-biological children of a teacher.
