

**NARASARAOPETA INSTITUTE OF PHARMACEUTICAL SCIENCES,  
NARASARAOPET**

DATE: 04-09-2018

**CIRCULAR**

All the Staff members of NIPS are hereby informed that, a one week FDP programme on “Emerging Innovations and Insights in Pharmaceutical Sciences” is going to be organized by our college from 13/09/2018 to 19/09/2018. All the faculty members are requested to attend the programme without fail.

## PROGRAMME REPORT

Date: 22/09/2018

**Name of the programme** : Emerging Innovations and Insights in Pharmaceutical Sciences.

**Date** : 13/09/2018 to 19/09/2018

### Details of resource person

1. Name : Dr.G.Vijay Kumar
2. Designation : Professor
3. Name of the Organization : KVSRR Siddhartha College of Pharmaceutical Sciences  
Vijayawada
4. Phone No : 9000199106
5. Mail Id : vijaykumar2121@Gmail.Com

**Objective:** Narasaraopeta Institute of Pharmaceutical Sciences had successfully organized FDP program on Emerging Innovations and Insights in Pharmaceutical Sciences” for all the faculty members. The main objective of this program is to develop innovate ideas, technologies, and research and development for the growth of pharmaceutical industries both externally and internally.

**Topic covered:** Discovery Process: Target identification strategies, Properties of ideal drug target, Therapeutic approaches: Target modulation, Opportunities for innovation.

**Programme outcome:** An open feedback was collected from all the faculty and they expressed that the program helped them to update their knowledge.

1. Maintaining the quality of human life.
2. New innovations in Pharmaceutical Industry.

Principal Dr. J. N. Suresh Kumar and the management expressed their gratitude to for her excellent delivery.

**Number of participants:** 33

## About the College:

Narasaraopeta Institute of Pharmaceutical Sciences (NIPS), established in 2007, aims to provide quality pharmacy education with human values to rural aspirants to meet the requirements of pharmaceutical industry and health needs of the society, and to achieve the excellence in pharmaceutical research. The College has introduced the course of Pharm.D, for the first time under the JNTUK Kakinada. The college has well experienced teaching staff and 16 well equipped laboratories. The college is furnished with well developed infrastructure and well-defined instrumentation facilities. NIPS is an ISO 9001:2015 certified institution and approved by Pharmacy Council of India (PCI) & All Indian Council for Technical Education (AICTE), New Delhi, Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

## Objective:

Continuous innovation is one of the pharmaceutical industry's most defining characteristics. New medications can be crucial for maintaining the quality of human life, and may even affect its duration. The sales potential is staggering, the global pharmaceutical market is expected to reach \$1.1 trillion. The pressure to succeed is tremendous. Yet, pharmaceutical innovation is hardly an orderly, predictable process. It follows a technology-push model dependent on a meandering path of scientific breakthroughs with uneven timing and hard to foresee outcomes. Technological competency, decades of rigorous research, and profound understanding of unmet customer needs, while necessary, may prove insufficient for market success as the critical decision for commercialization remains outside the firm. Drug innovation as a business process requires savvy strategic, organizational, and managerial decisions. It is already enjoying intensive research coverage, giving rise to abundant but relatively dispersed knowledge of the mechanisms driving drug discovery and development.

## Patrons:

Sri Mittapalli Venkata Koteswararao, Chairman

Mr. Chakravarthi Mittapalli, Director

Mr. Ramesh, Secretary

Mr. Kishore Mittapalli, Director

## Convenor:

**Venue: SEMINAR HALL, NIPS**

## About the College:

Narasaraopeta Institute of Pharmaceutical Sciences (NIPS), established in 2007, aims to provide quality pharmacy education with human values to rural aspirants to meet the requirements of pharmaceutical industry and health needs of the society, and to achieve the excellence in pharmaceutical research. The College has introduced the course of Pharm.D, for the first time under the JNTUK Kakinada. The college has well experienced teaching staff and 16 well equipped laboratories. The college is furnished with well developed infrastructure and well-defined instrumentation facilities. NIPS is an ISO 9001:2015 certified institution and approved by Pharmacy Council of India (PCI) & All Indian Council for Technical Education (AICTE), New Delhi, Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

## Objective:

Enhancing quality learning, working for the benefit of the whole community, learning on the go, improving and maintaining their well-being, are the main 4 goals of effective teachers.

Generally, efficiency and effectiveness in teaching are two different things. Efficiency means doing things right while effectiveness is doing the right things (Peter Drucker).

## PROGRAMME REPORT

Date: 27/12/2018

**Name of the programme** : Implementation and importance of start-ups in Academics.

**Date** : 17/12/2018 to 22/12/2018

**Details of resource person**

1. Name : Dr.M.V.Nagabhushanam
2. Designation : Professor & Principal
3. Name of the organization : Hindu College of Pharmacy, Guntur.
4. Phone No : 8498092783
5. Mail id : nagabhushanam87@gmail.com

**Objective:** Narasaraopeta Institute of Pharmaceutical Sciences had successfully organized FDP program on Implementation and importance of start-ups in academics for all the faculty members. The main objective of this program is to recognize innovative startups by the government and help them to grow. High growth is mostly generated by innovative entrepreneurs who find and realize new business opportunities and helps in strengthening the economic activity of the country.

**Topic covered:** Empowering academic institutions to promote innovation and entrepreneurship, Problems faced by startups, Startup ecosystem, Documents required for startup in India.

**Programme outcome:** An open feedback was collected from all the faculty and they expressed that the program helped them to improve their knowledge regarding startups.

1. Role of institutions in supporting startups in all stages of operation.
2. Role of government in supporting startups and opportunities provided.
3. Barriers faced by the startups.

Principal Dr. J. N. Suresh Kumar and the management expressed their gratitude to for her excellent delivery.

**Number of participants:** 33

## Objective

The importance of the establishment and development of startup companies is increasing from year to year, which can be seen on the basis of a large number of relevant institutions in countries that are dealing with this issue. A startup is an entrepreneurial venture which is typically a newly emerged, fast-growing business that aims to meet a marketplace need by developing or offering an innovative product, process or service. Startups are a very important part of all economies, so governments seek to support innovative startups through different supporting programs and help them grow in the right way. This kind of support mainly goes through a network of institutions, whose important task is to assist startups in all their stages of operation. Institutions have a strong impact on the growth and development of new business. "Institutions are the rules of the game in a society or, more formally, are the humanly devised constraints that shape human interaction. Research and educational organizations have a huge impact on startups, especially in the early stages of development. This is source some of the best relevant practice and literature review, and helps a new companies grow. Experts from different institutions such as: universities, faculties, institutes could provide a functioning and efficient platforms for startups operating.

## Patrons:

**Sri Mittapalli Venkata Koteswararao**, Chairman

**Mr. Chakravarthi Mittapalli**, Director

**Mr. Ramesh**, Secretary

**Mr. Kishore Mittapalli**, Director

**Dr. J. N. Suresh Kumar**

**Convener & Principal**

Narasaraopeta Institute of Pharmaceutical  
Sciences, Narasaraopet  
Andhra Pradesh

**Mr.K.Naga Prasanth**

**Coordinator**

Narasaraopeta Institute of Pharmaceutical  
Sciences, Narasaraopet,  
Andhra Pradesh

**Dr. A.Manikanta Kumar**

**Organizing secretary**

## PROGRAMME REPORT

Date: 18/03/2019

**Name of the programme** : Recent upgrading of pre-clinical screening for animal models.

**Date** : 11/03/2019 to 16/03/2019

**Details of resource person**

1. Name : Mr.B.Sudheer Chowdary
2. Designation : Asst. Professor
3. Name of the organization : Bapatla College of Pharmacy, Bapatla.
4. Phone No : 9032114829
5. Mail id : chowdarysudheer1@gmail.com

**Objective:** Narasaraopeta Institute of Pharmaceutical Sciences had successfully organized FDP program on Recent upgrading of pre-clinical screening for animal models for all the faculty members. The main objective of this program is to use different species of animal models (Rodent and Non-rodent) on how the new therapeutic compound may impact a human subject.

**Topic covered:** Major advances in researches that involved animal models, Animals used in research- Rodent and Non-rodent animal models, Alternative approaches to animal testing.

**Programme outcome:** An open feedback was collected from all the faculty and they expressed that the program helped them to improve their knowledge.

1. Available animal models for drug discovery.
2. Future of Preclinical Animal Models in Pharmaceutical Discovery and Development.
3. How to select the relevant animal species for testing the drug.

Principal Dr. J. N. Suresh Kumar and the management expressed their gratitude to for her excellent delivery.

**Number of participants:** 36

### About FDP:

Animal models have conventionally been used to find disease specific targets, there are **huge limitations in terms of predictability or reliability on these models as well as transferability of the results from these animal models to humans**. Human biology will always differ from the other species to a varying degree. Although rodents represent the most widely used models for investigating the role and mechanisms of therapeutic strategies due to their easy handling, short gestation time, low maintenance costs, and easy genetic manipulation, their heart function, heart rates and gen/protein expression are different from those of humans. Therefore, large animal mammal models are employed afterwards as experimental models to translate findings into clinics. Current animal models, including genetically modified ones and experimentally-induced pathologies, are unable to recapitulate entirely human pathophysiology, and thus imprecise predicting mechanisms involved in human cardiac diseases.

### About College:

Narasaraopeta Institute of Pharmaceutical Sciences (NIPS), established in 2007, aims to provide quality pharmacy education with human values to rural aspirants to meet the requirements of pharmaceutical industry and health needs of the society, by and large to achieve the excellence in pharmaceutical research. The College has introduced the course of Pharm.D for the first time under the JNTUK Kakinada. The college has well experienced teaching staff and 16 well equipped laboratories. The college well developed infrastructure and well-defined instrumentation facilities. NIPS is an ISO 9001:2015 certified institution and approved by Pharmacy Council of India (PCI) & All Indian Council for Technical Education (AICTE), New Delhi, Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

### Patrons:

Sri Mittapalli Venkata Koteswararao, Chairman

Mr. Chakravarthi Mittapalli, Director

Mr. Ramesh Mittapalli, Secretary

Mr. Kishore Mittapalli, Director

Approved by the AICTE, PCI New Delhi, Affiliated to JNTUK, Kakinada and Recognized by Govt. of A.P.

## CERTIFICATE OF PARTICIPATION

This is to certify that Dr/Mr/Ms G. Sindhu Sravanthi

has successfully participated in One Week Faculty Development Programme on **"Recent upgrading of Pre-Clinical screening for animal models"** organized by Narasaraopeta

Institute of Pharmaceutical Sciences, from 11-03-2019 to 16-03-2019 .

## PROGRAMME REPORT

Date: 11/07/2019

**Name of the Programme** : Nano Bio translational Research.

**Date** : 01/07/2019 to 06/07/2019

### Details of resource person

1. Name : Dr.V.Sai Kishore

2. Designation : Professor

3. Name of the organization : Bapatla College of Pharmacy, Bapatla.

4. Phone No : 9440938249

5. Mail Id : saikishorebcop@gmail.com

**Objective:** Narasaraopeta Institute of Pharmaceutical Sciences had successfully organized FDP program on Nano Biotranslational Research for all the faculty members. The main objective of this program is to summarise the most recent developments in the field of applied nanomaterials, in particular their application in biology and medicine.

**Topic covered:** Nano particles and Nano materials, Applications of Nano Biotechnology, Applications in medicine, Current status of Nano research.

**Programme outcome:** An open feedback was collected from all the faculty and they expressed that the program helped them to improve their knowledge in health care.

1. How multiple types of nanotechnologies can be applied to diagnose and treat human diseases, including different types of cancers.
2. Special physicochemical and biological properties of nanostructures and their applications.

Principal Dr. J. N. Suresh Kumar and the management expressed their gratitude to for her excellent delivery.

**Number of participants:** 36

## About the College:

Narasaraopeta Institute of Pharmaceutical Sciences (NIPS), established in 2007, aims to provide quality pharmacy education with human values to rural aspirants to meet the requirements of pharmaceutical industry and health needs of the society, and to achieve the excellence in pharmaceutical research. The College has introduced the course of Pharm.D, for the first time under the JNTUK Kakinada. The college has well experienced teaching staff and 16 well equipped laboratories. The college is furnished with well developed infrastructure and well-defined instrumentation facilities. NIPS is an ISO 9001:2015 certified institution and approved by Pharmacy Council of India (PCI) & All Indian Council for Technical Education (AICTE), New Delhi, Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

## About FDP:

Translational biomedicine is a rapidly growing field within biomedical and public health research that seeks to improve the health of individuals and the community by turning discoveries into diagnostic tools, medicines, procedures, policies and education.

1. Programme Name : One day Training programme on Preservation of crude Drugs.

2. Date and time : 19<sup>th</sup> July 2018, 10:00 AM.

3. Conducted by : Department of Pharmacognosy

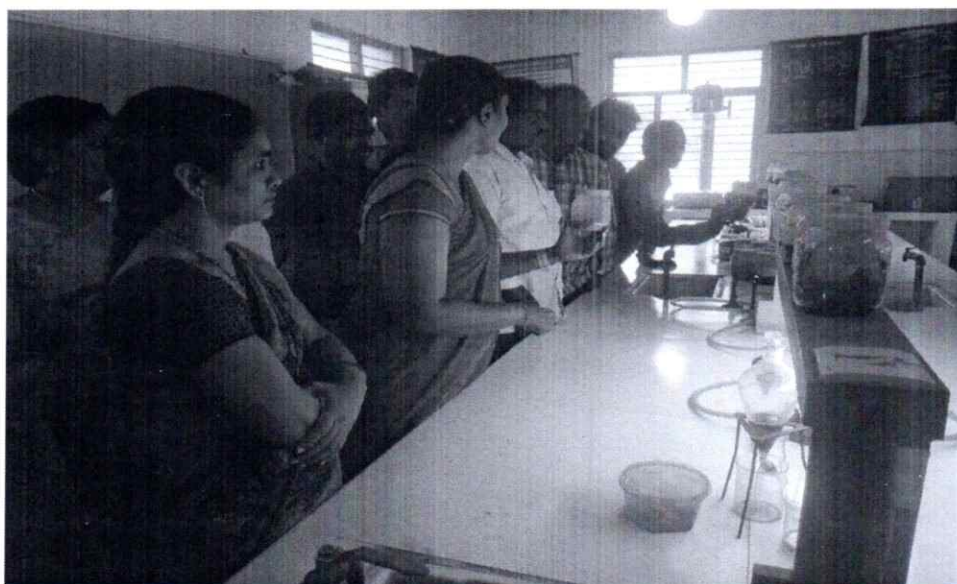

4. Program Instructor : Mrs Y.Ratna Kumari

5. Objectives of the program :

One day Training programme on “Preservation of crude Drugs” Was conducted in Pharmacognosy laboratory at Narasaraopeta Institute of Pharmaceutical Sciences on 19<sup>th</sup> July 2018. The programme was conducted to demonstrate on drying techniques to preserve drugs for long time, checking of crude drug containers time to time to avoid bacterial/ fungal growth, Drying and powdering of crude drugs for powder microscopy.
